Bernard Clancy RDP(I)

19.07.1939 - 20.02.2023

I first met Bernard Clancy or as everyone called him Barney, way back in the early 1980's when we both frequented the New York ASDA shows that often fell at the same time as St. Patrick's Day. Barney at heart was the consummate Irish American with all that entailed. Always full of life and a rye sense of humour. It was obvious that it was to the stamps of Ireland that he would turn to.

His three great passions were Postal Stationery, the Pre-Decimal Booklets and the Political and Propaganda Labels. All three were award winning collections. However, his true love was the study of Ireland's Postal Stationery for which he co-authored the definitive handbook catalogue with Otto Jung, being published by the FAI. Barney also had an important hand in helping Cyril Dulin with his Handbook of Irish Stamp Booklets.

His passing is certainly a very sad loss for us all and in particular Maria Clancy; her two children and their spouses; 11 grandchildren; his sister, Helen Clancy-Manning (Jim), and her four children and their spouses; and 11 grand-nieces and nephews.

In addition the various Irish philatelic associations whether in his native USA, or in Ireland and Germany, we will all miss him. His contributions to the ÉPA and to Irish philately in general are too numerous to mention in this brief remembrance. In 2022, the ÉPA nominated him for the Role of Distinguished Philatelists of Ireland, the highest award given in the area of Irish philately. Sponsored by the Federation of Philatelic Societies of Ireland, Barney was honored with this distinction; only the third time since 1980 that it has been awarded to a philatelist from the United States.

Many of the following lots come from Barney's collection and I know he would be delighted for them all to find new homes. If you have any questions please do not hesitate to contact me at marcuso@davidfeldman.com or direct to our offices.
