Introduction

Dear Collector and Client,

It gives us enormous pleasure to present to you our latest Great Britain and British Empire catalogue, which features over 1'700 lots, including the Murray Gellatly collection of Morocco Agencies and the Bernard Clancy collection of Ireland.

The catalogue begins with Great Britain which includes a strong range of attractive Penny Blacks, Surface Printed with high values, KGV with Seahorses, through to QEII with modern errors, officials and collections.

The British Empire contains a broad spectrum of material, with notable sections of Bahamas and Barbados; the "Abe" collection of British Levant; Ireland including Bernard Clancy's propaganda labels, essays, booklets and postal stationery; further portions from the "Overstrand" with K.U.T., Tanganyika and Mafia Island; Malta postal history; South Africa and South-West Africa; and finally Murray Gellatly's fantastic collection of Morocco Agencies with KEVII and KGV Seahorse issues, showing strength in mint multiples, cancellations and postal history.

Please note that we will be having a viewing of the single lots and selected large lots from this catalogue in London at Adam House just off the Strand on June 20th from 9.30am to 4.30pm. Please contact us to let us know that you are coming so we can ensure that we bring the lots you want to see. We look forward to seeing you there.

Finally, we'd like to thank all our vendors for showing their faith in us to present their items and collections in the best way possible to maximise the potential of their lifetimes' work through our skills in lotting, describing and estimating to produce a catalogue worthy of displaying their philatelic treasures in their best possible light.

The Earliest Known Great Britain Use from South America

40629

4'000 - 6'000

1847-54, G.B. embossed 6d lilac, clear to enormous margins originating from the left of the sheet, paying the uniform British Packet rate of sixpence, used on cover from Berbice "per Steamer" to Scotland, cancelled by pen-strokes, with despatch 24 March 1856 cds of Berbice (small sans-serif) on reverse.

An unlisted (by Stanley Gibbons) use of the Embossed issue from the Colony, and only known use from British Guiana. A major rarity of Great Britain used abroad as the earliest known use of a Great Britain stamp from South America.

Note: As the British Guiana stamps then current were only valid in the colony, prepaid mail to Great Britain and other countries required the use of British stamps. These were sold and used from Berbice (New Amsterdam) and Demerara (Georgetown), and available from 11 May 1858, when the stamps of British Guiana were valid only for local postage (until 1 May 1860).

Bernard Clancy RDP(I)

19.07.1939 - 20.02.2023

I first met Bernard Clancy or as everyone called him Barney, way back in the early 1980's when we both frequented the New York ASDA shows that often fell at the same time as St. Patrick's Day. Barney at heart was the consummate Irish American with all that entailed. Always full of life and a rye sense of humour. It was obvious that it was to the stamps of Ireland that he would turn to.

His three great passions were Postal Stationery, the Pre-Decimal Booklets and the Political and Propaganda Labels. All three were award winning collections. However, his true love was the study of Ireland's Postal Stationery for which he co-authored the definitive handbook catalogue with Otto Jung, being published by the FAI. Barney also had an important hand in helping Cyril Dulin with his Handbook of Irish Stamp Booklets.

His passing is certainly a very sad loss for us all and in particular Maria Clancy; her two children and their spouses; 11 grandchildren; his sister, Helen Clancy-Manning (Jim), and her four children and their spouses; and 11 grand-nieces and nephews.

In addition the various Irish philatelic associations whether in his native USA, or in Ireland and Germany, we will all miss him. His contributions to the ÉPA and to Irish philately in general are too numerous to mention in this brief remembrance. In 2022, the ÉPA nominated him for the Role of Distinguished Philatelists of Ireland, the highest award given in the area of Irish philately. Sponsored by the Federation of Philatelic Societies of Ireland, Barney was honored with this distinction; only the third time since 1980 that it has been awarded to a philatelist from the United States.

Many of the following lots come from Barney's collection and I know he would be delighted for them all to find new homes. If you have any questions please do not hesitate to contact me at marcuso@davidfeldman.com or direct to our offices.

The Murray Gellatly Collection

Morocco Agencies (British Post Offices)

Murray began collecting any GB overprinted material that came his way but soon moved to concentrate on King Edward VII, Seahorses and anything Morocco Agencies. Not content with simply collecting, he was determined to study the material, identify different printings, seek out errors and write up his findings. He was always keen to share his knowledge with others and Murray contributed regularly to the journal of the GB Overprint Society, *The Overprinter*, for nearly 30 years as well as serving as Editor and Auctioneer among other roles over the years, finally taking on the role of Chairman. Along with Marius Wlodarczyk he co-wrote the Morocco Agencies King Edward VII study paper published by the society, which has been a great source of information and inspiration for collectors of King Edward VII stamps.

The collection has been broken up into over 200 hundred lots, with strength in mint multiples and positional multiples, specimens, varieties including three of the nine known examples of the “1” of “15 centimos” omitted on KEVII 1½d, an array of re-entries on the Seahorse issues, and rare and even unique cancellations on stamps and postal history with philatelic and commercial frankings. It is surely the most important offering of Morocco Agencies in a generation and we are delighted to have been able to present Murray's decades of collecting and research in this catalogue.

Note that items belonging to other vendors are noted as such at the end of the description.

Please note: Light edge wear, top backflap faults, slight reductions at one side, and file folds are normal for 19th Century covers. Also normal are light cleaning or minor stains and small mends along the edges. They are to be expected and are not always described, and are not grounds for return, nor are factors visible in the illustrations. We will gladly provide full-size scans on request.

Prière de noter : De légères traces d'usures, défauts au rabat, de légères réductions sur un côté et des plis d'archives sont des caractéristiques normales pour des lettres du 19^{ème} siècle. De légères améliorations au niveau de la propreté ainsi qu'un éventuel ajout de quelques renforts sont également acceptables et ne figurent pas nécessairement dans les descriptions. Ces points ainsi que tous les éléments visibles au niveau de l'illustration ne peuvent par conséquent pas être sujets à réclamation. Des scans supplémentaires d'une pièce peuvent être envoyés sur simple demande.

Conditions of Sale

The currency of the auction is the British Pound (£)

Participation in any David Feldman S.A. auction means acceptance in full of the following conditions as well as any rights and obligations arising therefrom. These same conditions also apply to all transactions taking place outside the realm of the auctions. DAVID FELDMAN S.A., organiser of the auctions, acts as an agent only and is not liable in any way whatsoever for any default(s) of purchaser(s) and/or vendor(s).

1. The auction lots are offered

1.1. As presented in the relative auction catalogue and/or through the David Feldman S.A. website. Lots are meticulously described and with the greatest care, however without responsibility. Photographs count as part of the description with regard to the margins, perforation, centering, postmarks and all other visible attributes. The descriptions of the lots mention if the items are signed by recognised experts and/or accompanied by expert certificates.

1.2. As viewed in person: before and during auction sales, persons or their agents may examine lots at our offices or at the auction location, and must confirm their auction invitation before viewing. Persons or their agents attending a Live Room auction by invitation and/or who have viewed lots before an auction are understood to have examined all lots which they purchase and accept them as they are at the moment of the knocking-down and not necessarily as described.

2. Auction bids

2.1. The auction bid steps for all auctions are as follows: (some auctions may be in other currencies than British Pound)

£ 50 - 100:	£ 5	£ 2'000 - 5'000:	£ 200
£ 100 - 200:	£ 10	£ 5'000 - 10'000:	£ 500
£ 200 - 500:	£ 20	£ 10'000 - 20'000:	£ 1'000
£ 500 - 1'000:	£ 50	£ 20'000 - 50'000:	£ 2'000
£ 1'000 - 2'000:	£ 100	£ 50'000 - 100'000:	£ 5'000

Bids between these steps will be adjusted accordingly to the next highest bid step. The bidder is bound by his offer until a higher bid has been validly accepted.

2.2. DAVID FELDMAN S.A. has full discretion to refuse any bidding, to divide any lot or lots, to combine any two or more lots and to withdraw any lot or lots from the sale without in any case giving any reason. DAVID FELDMAN S.A. may also bid on behalf of vendors in cases where reserve prices have been fixed. In these cases, the vendor is treated as a buyer and the auctioneer shall bid on his behalf up to reserve prices. If the reserve price fixed by the vendor is not reached, the auctioneer passes to the next lot by a simple knock of the hammer.

2.3. Bid orders are only accepted from registered clients of DAVID FELDMAN S.A. and/or its associated companies. Live Room bidders must confirm their invitation prior to obtaining a bidding number.

2.4. Bid orders received by DAVID FELDMAN S.A. including via its website before the relative auctions have priority over room bids in the case of Live Room auctions. Clients giving bidding instructions to DAVID FELDMAN S.A. may make alternative offers and/or limit the total of their expenditure in advance. Bids marked «BUY» are considered as up to ten times the quoted estimate price where such exists. Bids made in other currencies than the advertised currency of the auction will be converted into that

currency at the market rate of the day of receipt by DAVID FELDMAN S.A. Bids are standing and hold good for at least 60 days from the auction period. DAVID FELDMAN S.A. reserves the right to invoice bidders up to the end of the 60 day period, payment being due immediately.

3. The auction

3.1. Unless explicitly stated otherwise, the currency of the auction is British Pound. Attendance at the Live Room auction is reserved for invited clients and/or their agents.

3.2. Prerogatives of David Feldman S.A.: DAVID FELDMAN S.A. may withdraw, group differently, divide or refuse to knock down any lot. DAVID FELDMAN S.A. reserves the right to refuse any bid orders and/or for Live Room auctions, refuse admittance to the auction room, at its discretion, to anybody whomsoever. DAVID FELDMAN S.A. cannot be held responsible for any physical accident that may occur on the premises where auctions take place. In the case a bone fide offer for the entire collection presented in this catalog is received at least two weeks before the auction date, and would be accepted by the vendor and the auctioneer, it may be withdrawn from sale and the auction offer cancelled.

3.3. Bidders' representatives and auction agents: any person bidding for the account of a third party is fully liable for any obligation arising from such bidding. This responsibility is notably applicable for the verification of the condition and for the payment of purchased lots.

3.4. Winning Bids: each lot is sold on behalf of the respective owner to the highest bidder who becomes the buyer at one bid step over the next highest bid step; this is the knock-down price. A buyer's premium will be added to the knock-down price per lot and is payable by the buyer as part of the total purchase price. The buyer's premium is 23% of the knock-down price; cost of postage will be invoiced separately from the buyer's premium. On the knock of the hammer, liability for the lots passes to the bidder whose bids have been accepted. The lots are delivered to the buyer when the total sale price (knock-down price plus all fees) have been paid in full.

VAT (Sales Tax) - Notes for guidance concerning auctions for which the lots are located in Switzerland: buyers domiciled abroad are not liable for this tax once the goods are duly exported from Switzerland. DAVID FELDMAN S.A. are pleased to arrange this export; alternatively, clients may make their own arrangements and furnish DAVID FELDMAN S.A. with proof of export, stamped by Swiss customs. Any purchases by buyers who wish to keep their purchases in Switzerland will be liable to VAT at 7.7% of the purchase price. It is the buyer's responsibility to pay any relevant duties that may be incurred upon import to other jurisdictions; the buyer shall be responsible for all costs of purchases that are returned to DAVID FELDMAN S.A. should they refuse to pay import duty.

3.5. Payment: Sale price plus buyer's premium and additional costs (if any) are due for immediate payment as invoiced against delivery of the lots. Payment in other currencies is accepted at the rates of exchange of the day as quoted by a major Swiss bank. The bidders who are successful with whom it has been expressly agreed that they pay after the sale under special conditions, are due to pay the sale price, buyer's premium and any other costs according to those terms. In these cases, DAVID FELDMAN S.A. keeps the relevant lots which are delivered to the buyers on full settlement of their account. Delivery of the purchased lots by post, courier or any other means if instructed by the buyer including cost of normal transit insurance cover is at the expense of the buyer.

Title or ownership of the purchased lots, delivered or not, remains with the auctioneer on behalf of the seller until payment has been made in full.

3.6. Special extended payment facility: upon request **prior to the auction**, DAVID FELDMAN S.A. may offer a special extended payment facility for buyers. In these cases, the buyer must pay a minimum of 25% of the total invoice immediately, and the balance over a maximum period of 4 months, paying an equal instalment at the end of each month. Interest charges of 2% of the remaining balance are debited to the buyer's account at the end of each month from the auction date. When the special extended payment facility has been granted, the buyer understands that any claims regarding his purchases must be made within 30 days of the auction sale date, even though the lots may be held by DAVID FELDMAN S.A. awaiting full settlement of the account. Until delivery, all lots may be examined by their respective buyers at the offices of DAVID FELDMAN S.A.

3.7. Pledge: until full settlement of the account, the buyer grants to DAVID FELDMAN S.A. a pledge on any and all properties held by DAVID FELDMAN S.A., acquired prior to, during and/or after any auction. This pledge secures the repayment of any amount due in principals, interests, commissions, costs and other possible fees. DAVID FELDMAN S.A. is entitled, but not obliged, to realise freely the pledge assets without further formalities and without previous notice if the buyer is in default with the payment of his debts or with the fulfilment of any other obligation hereunder. For this purpose, DAVID FELDMAN S.A. is not bound to comply with the formalities of the Federal Law dealing with actions for debt and bankruptcy proceedings; in addition, DAVID FELDMAN S.A. may choose to institute or go on with the usual proceedings without having beforehand sold the pledged goods and without having moreover given them up.

4. Guarantee

4.1. Extent of the guarantee: subject to paragraph 4.3 below, the authenticity of all philatelic items sold in the auction is guaranteed for a period of 30 days from the auction date, with the express exclusion of any other fault(s). Any reclamation regarding authenticity must come to the notice of DAVID FELDMAN S.A. on the delivery of the lots but at the latest within 30 days from that date. Before delivery, which may take place after the 30 days period, the lots purchased may be examined at the Geneva offices of DAVID FELDMAN S.A. The buyer whose reclamation is made after 30 days from the auction date loses all rights to the guarantee. Such reclamation will not be valid by DAVID FELDMAN S.A.. If an extension of the period is required in order to substantiate the claim with an expertise, a request for such extension must be made to DAVID FELDMAN S.A. within 30 days of the auction date. No request for extension will be considered beyond this 30 days period. An extension will expire 3 months after the date of the auction; the results of the expertise for which an extension was agreed must come to the notice of DAVID FELDMAN S.A. within that period. No further extension of the period will be considered without the express written agreement of DAVID FELDMAN S.A. Only claims, expertise results or other details which are made within the agreed periods will be valid.

4.2. Expertise and counter-expertise: should the authenticity of a lot be questioned, the buyer is obliged to provide an expertise or counter-expertise from a prominent expert in the field, justifying the claim. If a stamp is found by a recognised expert, taking financial responsibility for errors, to have been forged, he may mark it accordingly. Consequently,

the marking «FALSCH» (forged) is not considered an alteration. In the case of such reclamation, DAVID FELDMAN S.A. reserves the right to request, at its own discretion, one or more further expertise(s). All expertise and relative charges accrue to the vendor's account in the case of a justified claim, or to the buyer's account if the claim is not justified. In the case of a justified claim, the lot is taken back and the knock-down price plus the commission are refunded to the buyer. In the case of delayed payment due to expertise agreed by David Feldman S.A., interest is charged at 50% of the standard rate for all cleared lots. If David Feldman S.A. has not agreed, then full interest is due.

4.3. Exclusions: lots described as collections, accumulations, selections, groups and those containing duplicates cannot be the subject of any claim. Claims concerning lots described as a set or groups of sets containing more than one stamp, can only be considered under the terms of paragraph 4.1 above if they relate to more than one third of the total value of the lot. Lots which have been examined by the buyer or his agent, lots described as having defects or faults cannot be subjected to a claim regarding defects or faults. Illustrated lots cannot be subjected to a claim because of perforations, centering, margins or other factors shown in the illustrations.

4.4. Late Payment: if payment of the knock-down price plus commission due by the buyer is not made within 30 days of the date of the auction, DAVID FELDMAN S.A. reserves the right to cancel the sale and dispose of the lot(s) elsewhere and/or to make a recourse to any legal proceedings in order to obtain payment of the amounts due as well as for any incurred damages and losses and any legal expenses. A charge on overdue payment of 5% for the first month and 2% per month afterwards plus expenses incurred is chargeable on any outstanding amount after 30 days of the date of the auction. The buyer who is in default in any way whatsoever has no right of claim under any circumstances.

4.5. Exceptionally, the knock-down price will be reduced to the lowest winning bid where it is shown that the exact same buyer has inadvertently increased the price by using more than one medium of bidding on the same lot.

5. Applicable law and jurisdiction

Unless otherwise stated, all auctions as well as any rights and obligations arising from them shall be governed exclusively by Swiss law. Any legal action or proceeding with respect to the auctions shall be submitted to the exclusive jurisdiction of the courts of Geneva, subject to appeal to the Swiss Federal Court in Lausanne. In every case, DAVID FELDMAN S.A. shall also be entitled, at its discretion, to sue any buyer in default at his place of residence; in such case, Swiss law shall remain applicable and in the case of issues regarding price value, the British Pound is converted at its Swiss franc value at the time of the auction.

6. All Transactions

These Conditions of Sale apply to all transactions of every kind including those outside the auctions, with David Feldman SA.

Note: If these Conditions of sale are translated into one or more other languages, the English translation shall be the official version and shall prevail over all other translations.
