Introduction

Dear Collector and Client,

It gives us enormous pleasure to present such a great offering of British Empire in this auction catalogue, not forgetting our **separate specialised catalogue of India and Indian States**. We have over 1'700 single lots, groups and collections in this catalogue for the auction on May 29th 2025, which kicks off at 10am and will be a long day!

From **British Africa**, we have the “**Swakopmund**” **collection of South West Africa**, which is a stunning assembly of the overprinted South Africa definitives with mint major varieties and errors and plate number multiple, certainly the best we have ever handled. We also have important **Mauritius, particularly the De La Rue issues** with essays, proofs, mint blocks etc., as well as some classics including probably the **finest used Post Paid 1d from the corner of the sheet** (lot 65798). We also have a lovely range of **Niger Coast** postal history and **Cape of Good Hope Triangulares** including our front cover item, the Triangular and Seated Hope mixed franking (lot 66231).

From **British West Indies** we have attractive sections of mixed **Saint Vincent** postal history, a mix of **Turks and Caicos** and any **British Solomon Islands** collectors should look online to see the range of incoming commercial mail sent to the islands which are spread throughout our catalogues as well as the section of outgoing mail in this catalogue.

Again we have an impressive section of **Ireland with over 480 lots** and features the “Bokhara” collection of postal history, stamps, revenues, etc., as well as a further portion of the Barry Cousins collection of Overprints.

Aside from the specialised sections, we have single lots and collections from most countries in the Empire so hopefully there something of interest for you!

The David Feldman team strives for excellence in the lotting and promotion of every property entrusted to us, and we'd like to thank all our vendors for showing their faith in us to present their items and collections in a catalogue worthy of displaying their philatelic treasures in their best possible light. We wish you success with your bids and satisfaction with your purchases.

THE WEINMAN-LAYS STAMP COLLECTION

The Weinman-Lays stamp collection spans three generations, beginning with Harry Christian Weinman, born in Iowa in 1886. As a man of German heritage, he focused on collecting German stamps. Many of his early acquisitions remain in this collection. His grandson described him as generous. “He has helped many children and young people get started in stamp collecting by showing them how and by making some of his additional stamps available to them,” his grandson wrote. “Stamp collecting is a hobby that he was very active in.” Harry also loved flower gardens and, along with his wife, Agnes, established the Iowa Rose Society. He had more than 250 roses blooming in his garden when he died.

Harry and Agnes had two boys and the oldest, Joe Weinman, born in 1922, inherited the “stamp gene.” After serving in the Marine Corp and Navy during World War II, he moved to Denver, Colorado, and in time, expanded his father’s German collection to a worldwide assortment of stamps, postal history, and memorabilia. Joe welcomed collectors and dealers of all kinds into his world of “all-things-stamps”, where he was happiest, tongs in hand. Joe was a member of many local stamp clubs and was an integral part of the team that established the Rocky

Mountain Philatelic Library, where a room is named after him. The library is one of only two philatelic libraries in the United States. Joe earned a national reputation as someone to be trusted for help in liquidating collections, usually by widows. His ethics were solid, his commissions small, and his connections wide. He died in 1999.

Meanwhile, a young boy named Jim Lays was learning about stamp collecting from his uncle. Born in 1954, he grew up close to Joe in Denver and was a first-class tennis pro who loved history, geography, postal history and travelling the world. Stamp collecting fit his personality to a tee. He especially loved the stories and people behind the stamps. As fate would have it, Jim fell in love with Joe’s daughter, Julie, and soon became Joe’s son-in-law. With Joe as his mentor, Jim built upon his father-in-law’s remarkable collection, adding an outstanding array of Great Britain and British Commonwealth stamps. When Jim died, he left behind this impressive collection lovingly cultivated by these three keen philatelists for more than 100 years.

Note: To establish a legacy for the collection every lot in the auction has the provenance “ex. Weinman-Lays” added.

Falkland Islands Dependencies: 1981 stock of covers from the 1980-81 expedition of the German research ship "Meteor". These are all on printed ship's envelopes, have two F.I.D. definitive stamps, and a variety of cachets. These from one of the ship's crew in 1981, and this is the remaining stock. An interesting aspect of these is that many of the covers have an alternative type of South Georgia postmark, which has caused some scepticism among specialists. There are 376 covers, of which 79 have the recognised cancel, and the 297 others the second type (all these also with Grytviken cachets). Also included are other covers from the expedition from B.A.T. (20), Argentina (5), and Chile (9), an interesting assembly for the specialist.

THE BOKHARA COLLECTION OF IRISH POSTAL HISTORY AND MUCH MORE....

This extraordinary collection has been lovingly assembled over the lifetime of a devoted and passionate philatelist.

Why the “Bokhara Collection”?

“Bokhara” is a place located on the Indian subcontinent. For reasons now lost to time, this name was given to the home of an extended family member of the collector. It served as a cherished retreat—a place of rest and relaxation throughout the collector’s life.”

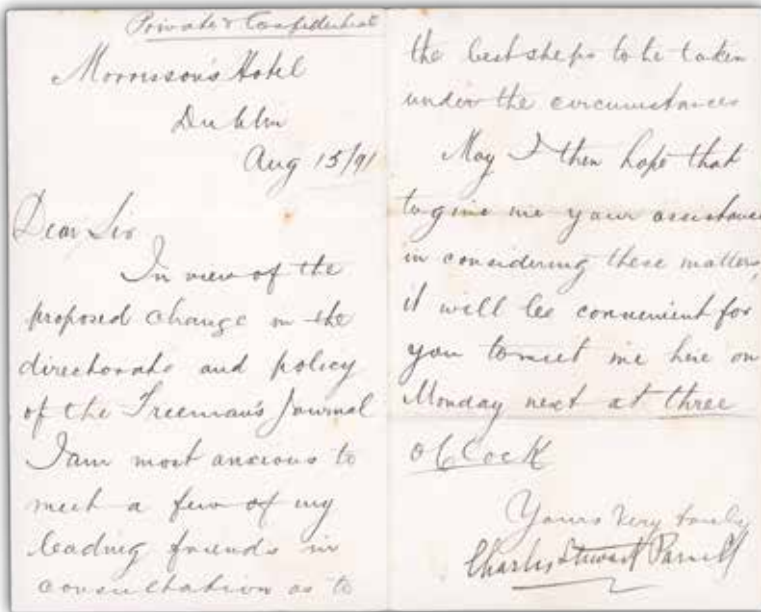

The collection itself is remarkably diverse, with a primary emphasis on the prephilatelic period, spanning from the 1700s to the 1840s. It is meticulously organized by county, showcasing an impressive range of linear markings, penny posts, receivers, and much more. The collection also includes a significant section on Great Britain used in Ireland, highlighting the many variations of numeral, spoon, and other cancels.

Additional areas of the collection feature an extensive range of Revenue issues, starting from the embossed issues, continuing through Queen Victoria and King George VI, and extending into the Irish Free State period. These are represented not only by individual stamps and fragments, but also by an extraordinary array of complete revenue documents, offering rich insight into Ireland’s fiscal and administrative history.

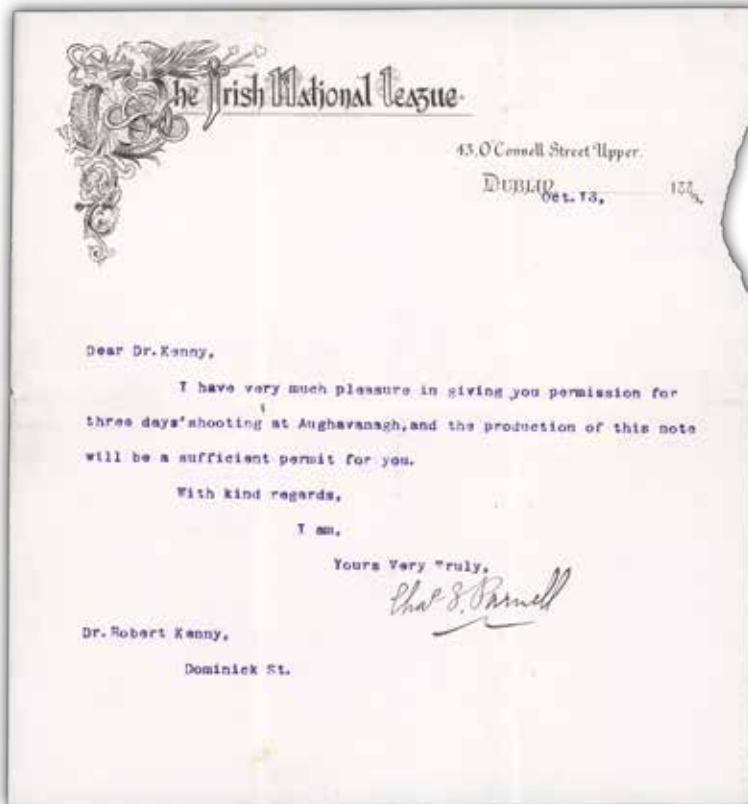

The rest of the collection reflects even greater diversity, with an array of commemorative and definitive issues, as well as extensive “back of the book” material. A particular highlight is the strong focus on railway-related items, alongside a wide-ranging and eclectic accumulation of material—something that truly offers a little bit of everything for every collector.

For collectors unable to attend the auction in person, our team in Geneva has painstakingly scanned all collections and mixed lots for your convenience. However, if for any reason something appears to be missing or you require additional details, please do not hesitate to contact us we are here to assist you.

Historical reference to the 1798 Insurrection in Wicklow

Wicklow - Bray: 1798 (12.6) Folded entire from Wicklow to Mrs. Tighe, Dublin, carried privately to Bray, with a linear BRAY hs, rated "2" alongside, with second type circular Dublin JU/14/98 bs, very fine

Note: The letter was apparently written to Mary Tighe, whose husband, Henry, was MP for Inistioge, Co.Kilkenny, where the Tighe seat and demesne, Woodstock, covered vast acres of forest and land. Mary Tighe was a famous poet and did much of her writing at Rossanagh Ashford, Co.Wicklow, where she stayed with her uncle and aunt, Henry and Sarah. **The letter gives a fascinating insight into the 1798 Insurrection.** Mary and Henry Tighe spent most of the 1790s in England, making periodic returns to Ireland to visit family in Wicklow and Dublin, and for him to represent Inistioge in the Irish parliament until the act of union. Both experienced the violence of the 1798 rebellion: he led a corps of yeoman troops through the Wicklow mountains while she was under siege at Rossana. Both argued against the act of union in 1799, he in the Irish parliament and she in her poetry.

1.5. Mail posted after the end of the Transitional Period

Letter sent within Ireland from Nenagh Co. Tipperary to Wicklow on April 17, 1922, franked with a British 2d. The letter was dispatched after the end of the Transitional Period and not accepted by the Irish Post. In Wicklow it received a postmark "4d to pay 34d", which is a surcharge double the postage rate — 34d stands for Wicklow. The surcharge was paid on April 18, the letter received a 4d Postage Due label.

Letter sent from Dublin to Dublin on September 4, 1922, franked with two British 1d. The Irish Post didn't accept the franking and surcharged a postage due of 4d. The surcharge was stamped "4d to pay 18d". The letter received a 4d postage due stamp, when the receiver paid the surcharge.

2.1.2. British Registered Envelopes used in Ireland

Registered Envelope size F with imprinted 5d in olive green sent from Clonsilla Co. Fenn to Glasgow on December 1, 1924. Very scarce late usage, as at this point the envelope was officially no longer valid, since on July 23, 1924 own Irish registered envelopes were issued.

At the end of May 1922, Great Britain reduced the fee for a registered letter from 5d to 4½d, while Ireland kept the postage at 5d. The UK postal administration continued to supply Ireland with 5d registered envelopes in the 4 different sizes F, G, H and K. These featured the portrait of King George V in green colour instead of red colour and were only issued in Ireland.

Registered Envelope size G (156 x 95 mm) with imprinted 5d in emerald green sent from Dublin to Youghal Co. Cork on March 13, 1923 with cancellation Duke St Dublin 13 MAR 23 on the back. No line letter in the registration label field at top left under the label.

2.4. British Postage Due labels used by the Irish Post

Letter sent in October 1922 from India to Dublin franked with 1½ Annas. The Indian Post charged a surcharge and wrote "19C" in blue on the cover. The Irish Post converted this to 1½d, which was the minimum surcharge according to the UPU, marked the cover with a T ("Taxes") and stamped it "1½d TO PAY DND". The recipient in Dublin paid the surcharge on October 22, 1922, and the letter received two Postage Due labels of ½d and 1d as a receipt. The surcharge had to be transferred to India.

Postcard from the USA to Dublin franked with 1 cent. The US Postal Administration charged a surcharge of 10 Centimes. Dublin Post converted it to 1½d, stamped "1½d to pay 18d" and raised the surcharge at the addressee. The payment was done in Dublin on April 13, 1922, and confirmed with two British Postage Due labels of totally 1½d.

I. Irish and British mail posted with stamps from the respective other country
1.1.1. Irish mail posted with British stamps

Letter sent from Ireland's Kinross Co. Cork to Dublin on March 22, 1922, which is during the transitional period for stamps. The letter is posted with a British unoverprinted 2d stamp according to the postal rate for letters within Ireland.

Letter dispatched within Dublin on February 24, 1922, posted with a British 2d according to a postal rate for letters within Ireland of 2d. The 2d stamp is from a coil roll. This can be seen from a paper-join on the top of the back of the stamp. Paper-joins were used to connect rows of stamps for rolls. According to Dublin, covers with stamps from coils are difficult to recognize and very scarce.

TRANSITIONAL PERIOD. IRELAND.

Cover to Cork City Wexford with pair of unoverprinted 1d reds (red Rathfriland & P.O. c.d.s. 11. FE. 22 (First day of issue of the overprints)

Cover to Kent with GB 2d (Postal Stamp by P.O.) unaccepted with English Stamp not valid in Ireland, as it altered to 1d in 1921 and 1d 1/2 in 1922. The 1d stamp is cancelled by a 1d 1/2 stamp. In the first four weeks that unoverprinted mail became liable to full surcharge without allowance.

TRANSITIONAL PERIOD. IRELAND. POSTAGE DUE

1922 Transition: Cover to London with unoverprinted 1d and 1d 1/2 stamps of 2d letter rate (red Rathfriland & P.O. Dublin & c.d.s. 11. FE. 22) during the legal transition period.

Cover from Manchester to Limerick dated by Manchester c.d.s. dated 20 Feb. 22, with 1d 1/2 overprinted 1d and 1d 1/2 and 1d 1/2 making up 2d letter rate, but well outside the legal transition period. Limerick c.d.s. applied on arrival showing allowance made for 1d 1/2 stamps and instead of 2d being added the surcharge was added with 1d 1/2 and 1d postage due applied.

TRANSITIONAL PERIOD. IRELAND. POSTAGE DUE

1d cancel used on cover to Manchester dated February 22, 1922, intercepted in Manchester and on inspection 1d 1/2 postage due was applied (red Rathfriland & P.O. Dublin & c.d.s. 11. FE. 22). The surcharge was incorrect as the 1d should have been double deficiency of 1d x 2 = 2d. Irish letter rate being 2d.

Cover from Dublin to County dated September 1, 1922. Upon a random inspection at Liverpool (Manchester is supposed to have 1d 1/2 postage due applied on arrival) the 1d 1/2 was found to be correct. (Letter from c.d.s. 11. FE. 22) applied the Irish letter rate was 2d, the surcharge should have been 2d (1d x 2).

1921 Unofficial Overprints

After the signing of the Treaty on December 6th, 1921, and prior to the ratification by the Dail on January 14th, 1922, an unofficial overprint made its appearance, as shown in the following three lots. The four lowest values of the then-current British stamps (1/2d, 1d, 1 1/2d and 2d) were overprinted using a stereo setting.

There appear to have been three distinct batches of posting bearing the unofficial overprints. The first was posted from Dublin, dated December 19, 1921, the second from Kingstown on January 17, 1922, and the third from Blackrock on January 18, 1922.

Note: No attempt was made to collect any surcharges on these items which were apparently in breach of postal regulations.

South West Africa: The “Swakopmund” Collection

Midwest

Afrika.

South West

The “Swakopmund” collection provides a unique opportunity to start a new and fascinating philatelic collecting area, please note that the majority of early SWA issues have off white gum due to conditions in the colony. Prices, catalogue numbers and descriptions have been taken from the SACC catalogue. The base collection was started in German SWA in the 1890's and stayed in the same family until 2015 when it changed hands and had many rarities added, to what must be one of the finest collections ever offered at auction and includes many unique and very rare pieces

41b 16'000 - 20'000

1924 Type Vi, 16mm overprint 1d corner plate block of 16 (4 x 4), a most dramatic multiple with the top two stamps (pos 1 and 2) showing completely omitted overprint and second stamp on second row nearly completely omitted plus first stamp in that row with slightly shaved 't'. There are some creases in the block but not sufficient to cause these omissions by a paper fold, so possibly caused by extra paper adhered to face, though the BPA Cert (2020) favours the paper fold theory. There is some perf separation between stamps 2 & 3 and 6 & 7, the balance from the top of the sheet, a block of 32 included. One of the most dramatic missing overprints from the whole of the Commonwealth.

Conditions of Sale

1. By participating, registering, or obtaining a bidder number in one of David Feldman S.A.'s auctions, one agrees to be bound by the terms and conditions set out below and by the rights and obligations arising therefrom. These same terms and conditions apply to all transactions relating to lots forming part of the auction or concluded outside the auction. DAVID FELDMAN S.A., organiser of this auction, acts exclusively as agent and therefore assumes no liability whatsoever in the event of default(s) by buyers and/or sellers. **The auction is conducted in the name and on behalf of third-party sellers who are directly responsible to the exclusion of DAVID FELDMAN S.A.**

1.1 Lots are offered for sale based on their presentation in the catalogue and/or on the website: Lots are described with the utmost care but without engaging the responsibility of DAVID FELDMAN S.A. Photographs form an integral part of the descriptions.

1.2 There is no responsibility as to the condition of lots with a value of less than CHF 1'500 or its equivalent in other currencies. The catalogue may mention damage to the lots sold but does not draw up an exhaustive list. Bidders may consult the lot condition report, where available, either on the Internet or on request. Lots marked with a square next to the lot number are subject to federal control of precious metals (CMP), whose report is available on request.

1.3 DAVID FELDMAN SA organises one or more lot presentation days at a location in the Canton of Geneva or elsewhere, prior to the sale, where buyers or their agents may examine all lots at the times indicated in the sale catalogue or on our website.

1.4 Buyers have had the opportunity to examine the lots prior to the sale and are deemed to have examined all the lots purchased and to accept them in the condition in which they are found at the time of the auction, irrespective of the description given in the catalogue. This description is given as an opinion only and does not constitute any guarantee as to the authenticity of the items sold. **Except in the case of a prior agreement with David Feldman SA, no claims will be accepted; lots are sold as is.** However, in the context of the sale of philatelic items, clause 3.10 applies.

2. Auction bids

2.1 Each bid must be higher than the previous bid according to at least the following scale: (the currency may change depending on the auction). Unless otherwise indicated in the catalogue and on the website, the Swiss franc is presumed to be the currency of the sale.

50 - 100:	5	10'000 - 20'000:	1'000
100 - 200:	10	20'000 - 50'000:	2'000
200 - 500:	20	50'000 - 100'000:	5'000
500 - 1,000:	50	100'000 - 200'000:	10'000
1'000 - 2'000:	100	200'000 - 500'000:	20'000
2'000 - 5'000:	200	500'000 - 1'000'000:	50'000
5,000 - 10'000:	500	1'000'000 or more:	100'000

Bids between these amounts will be rounded up to the next higher bid.

2.2 Every bid constitutes a binding and irrevocable offer; the bidder remains committed to his/her offer until it is expressly overbid or declined by the auctioneer.

2.3 Double bids are notified immediately, and the bidding process is restarted; if no higher bid is made, the auction is decided by a draw; for equivalent bids from bidders present and absent, priority is given to the written bidder or to the bidder personally present in the case of a telephone bid.

2.4 The hammer price may, exceptionally, be reduced to the lowest winning bid if it is established that the same bidder has inadvertently increased the price by using more than one bidding method.

2.5 Telephone bids are only accepted if the bidders have registered in advance to bid in this way and are known to DAVID FELDMAN S.A. who has

been able to check their solvency. Buyers are charged an administrative fee.

2.6 Only buyers registered with DAVID FELDMAN S.A. who have obtained a bidder number may participate in the auction. Upon request, they must provide proof of identity, address, and bank account details. Upon request, DAVID FELDMAN S.A. reserves the right to limit the maximum bidding amount to certain buyers depending on their financial capacity. For certain buyers, DAVID FELDMAN S.A. may even require the prior deposit of a financial guarantee by credit card or bank transfer.

2.7 Written bids received by DAVID FELDMAN S.A. or on the website prior to the sale take precedence in all cases over bids made in the auction room. They are firm and final. Bidders giving a written bidding order may make alternative bids and/or limit the total amount of their bids. Bids given "to buy" may not exceed more than 10 times the value of the high estimate printed in the catalogue.

2.8 For auctions without an auctioneer, online bids are received by DAVID FELDMAN S.A. on its website. At the end of the auction, at the precise time and minute, the lot is awarded to the highest bidder, at one step above the next highest bid. If the last bidder has bid in the last fifteen seconds of the sale, the auction for this lot is extended by fifteen seconds from the time the last bid was received.

2.9 All written bids are considered binding for 60 days after the auction date. DAVID FELDMAN S.A. is therefore entitled to invoice the bidder for the goods until the expiry of this period. Any invoice received by the bidder is therefore valid and must be paid immediately.

2.10 DAVID FELDMAN S.A. has the right to refuse bids, to separate, join or withdraw any lot at its sole discretion. The sale will be conducted in English or French, but bids may be repeated in any other language. DAVID FELDMAN S.A. is also authorised to bid on behalf of sellers where reserve prices have been set. If the seller sets reserve prices for some of his/her lots, s/he will be deemed to be the buyer and DAVID FELDMAN S.A. will bid on his/her behalf up to the reserve prices set. If the price set by the seller is not reached, the next lot will be auctioned.

3 The auction sale

3.1 Auction Representatives and Agents: The bidder assumes personal responsibility for his/her bid and cannot claim that the purchase was made in the name or on behalf of a third party. The representative is jointly liable for the person s/he represents for compliance with the obligations.

This responsibility extends particularly to checking the quality of the lots purchased and to the subsequent payment of the invoice for the lots purchased.

Bidders who are personally present as representatives of third parties must communicate this unequivocally to the auction management at the latest at the time of the auction.

3.2 Winning bids: Each lot is awarded to the highest bidder on behalf of its respective seller. In addition to the hammer price, **the buyer is charged a 23% buyer's commission, plus VAT where applicable.**

VAT of 8.1% is payable by the buyer on the hammer price. For lots marked with a circle next to the lot number, VAT of 8.1% is payable on the buyer's commission only.

3.3 VAT paid may be refunded upon presentation of proof of export. DAVID FELDMAN S.A. will charge an administration fee of CHF 75.00.

Shipping costs will be invoiced separately.

Before the auction, buyers must obtain information on the administrative procedures for the export of lots and their legality. Buyers are solely responsible for any such formalities after the auction. DAVID FELDMAN S.A. can take care of this for a fee.

3.4 When the hammer falls, the profits and risks of the lots thus auctioned pass to the bidder whose bid has been accepted. However, the goods will

not be handed over to the buyer until the purchase price (hammer price plus costs and VAT, if applicable) has been paid in full. Thus, the risks are transferred at the time of the auction. Ownership passes to the buyer once the invoice has been paid in full and possession has been transferred.

3.5 At DAVID FELDMAN S.A.'s request, sales must be officially acknowledged by signature.

3.6 Payment: Successful bidders are obliged to pay the purchase price, plus VAT if applicable, and the commission in cash in the currency of the auction, against surrender of the goods purchased, within a maximum of 5 days of the auction.

Fees charged to DAVID FELDMAN S.A. for credit card payments will be invoiced to the buyer. These vary from 1.5% to 5% depending on the credit card company.

Cash payments are only accepted up to CHF 100'000.

3.7 Payment arrangements: Upon prior request at least 10 days before the sale, DAVID FELDMAN S.A. may, at its own discretion, grant payment arrangements to buyers. The buyer benefiting from such arrangements will pay a minimum amount of 25% of the total invoice within a maximum of 5 days from the date of the sale and will then pay the balance in equal monthly instalments over a maximum period of 4 months. Monthly interest plus costs incurred **at the rate of 1%** is charged by and on behalf of DAVID FELDMAN SA from the date of the sale. Interest is debited monthly to the customer's account. In general, **no lot is delivered without full payment of the hammer price, the sales commission and, if applicable, VAT.**

3.8 Late payment: Payment must be made in cash as soon as the lot is sold. Any buyer who has not paid the hammer price and the commission due in full within a maximum of 5 days of the sale is already in default of payment. In the event of default by the buyer, DAVID FELDMAN S.A. reserves the right (1) to cancel the sale and dispose of the lot(s) concerned and to take legal action against the buyer in order to obtain payment of an indemnity of 23% of the hammer price and full payment of the commission due plus interest of at least 1% per month or (2) to enforce the seller's lien in accordance with the above provisions. In addition, expenses incurred by DAVID FELDMAN S.A. in the performance of its obligations hereunder shall be levied in addition on all sums due from the buyer. In addition, the defaulting debtor loses all rights of complaint.

3.9 Right of lien: Until full payment of the amounts due, the buyer grants DAVID FELDMAN S.A., acting on behalf of the Seller, a right of lien on all lots sold but not delivered. This lien guarantees the payment of any amount due past and present, such as the hammer price, the purchase commission, possible VAT, interest, and possible costs. After notice from the buyer, DAVID FELDMAN S.A. is authorised, but not obliged, to realise the pledges without further formalities and without notice if the buyer is in default for the payment of his/her debt or the fulfilment of any obligation. DAVID FELDMAN S.A. may in all cases realise the liens by mutual agreement.

To this end, DAVID FELDMAN S.A. is not obliged to comply with the procedures specified in the Federal Debt Collection and Bankruptcy Act; DAVID FELDMAN S.A. is also free to initiate or continue ordinary debt collection proceedings without first realising the liens and without thereby waiving them.

If the realisation of the lien does not cover the amounts owed by the Buyer, DAVID FELDMAN S.A. is entitled to sue the Buyer for the difference.

3.10 Appraisal or counter-appraisal in the context of the sale of philatelic items only: DAVID FELDMAN S.A. may attach an appraisal to the description of philatelic items, the report of which forms an integral part of the description of the lots, which may be obtained on request. When the authenticity of a lot of philatelic objects is contested, the buyer must produce a certificate of expertise or counter-expertise from

a qualified expert justifying his/her claim, within 30 days of the date of the auction. If the recognised expert, who assumes all responsibility in the event of error, deems that the item has been falsified, s/he may mark it accordingly; the signs "FAKE" or "FORGED" do not then constitute an alteration to the batch of philatelic items.

In the event of such a claim, DAVID FELDMAN S.A. reserves the right to request, at its discretion, one or more subsequent expert appraisals, the costs of which will be borne by the seller if the buyer's claim is well-founded. If the buyer's claim is unfounded, the buyer will bear all the costs incurred. If the claim is well-founded, the lot of philatelic objects will be taken back, and the auction price and commission will be reimbursed in full to the buyer. In the event of delayed payment due to an appraisal approved by David Feldman S.A., interest is payable at 50% of the usual rate for any lot of philatelic objects whose authenticity is confirmed. If David Feldman S.A. does not agree, all interest will be due.

Buyers may request an extension for certification at the time of the adjudication only. For lots with a hammer price of 5'000 or more in the currency of the auction, DFSA will charge a flat handling fee of CHF 100 per item, plus the cost of the certificate. For all other lots DFSA will charge a flat handling fee of CHF 200 per item, plus the cost of the certificate.

3.11 Limits of the guarantee: Batch items described as collections, selections, or groups, those consisting of duplicates and accumulations, cannot be the subject of any claim whatsoever. Claims concerning lots of items described as sets or groups of sets containing more than one stamp will only be considered within the limits of the above article if they relate to more than one third of the total acquisition value of the lot. Lots of items which have been examined by the purchaser or his/her agent, as well as lots of philatelic items which are described as having defects, may not be the subject of any claim in respect thereof. No claim may be made in respect of perforation, centring, margins, or any other feature visible in the illustration of any illustrated batch of items.

3.12 All lots awarded must be removed after the auction by the purchasers within 5 days, at the purchasers' cost and expense. No lot may be picked up during the auction. Lots not picked up will be stored at the buyers' expense for a maximum of 6 months. After this period, the lots will become the property of DAVID FELDMAN S.A., without eliminating the buyers' financial obligations hereunder.

Upon request, DAVID FELDMAN S.A. directly or through a third party, can arrange transport or delivery against payment of this service in advance. Under no circumstances will DAVID FELDMAN S.A. or the third party be liable for any damage to or loss of the items during transport or delivery.

4 Applicable law and jurisdiction

The present auction and all legal relationships arising from it shall be subject exclusively to Swiss law. Any legal action or proceedings relating to the auction and the legal relationships arising therefrom shall be subject to the exclusive jurisdiction of the courts of Geneva, subject to appeal to the Swiss Federal Court in Lausanne. In any case, DAVID FELDMAN S.A. reserves the right to sue any defaulting buyer at his/her place of residence, in which case Swiss Law remains applicable.

5 Miscellaneous

These General Terms and Conditions of Sale apply to all purchases and sales transactions with David Feldman SA with participating bidders, even outside of auctions.

These Terms and Conditions of Sale have been drawn up in French and are accompanied by an English translation. In the event of any discrepancy between the English and French versions, the French text shall prevail.
